**REACH Customer information about our fibre products
Confirmation of supplier within EU**

Dear STW customer

All fibre products belonging to our fibre range and sold in form of staple fibres, ground fibres or fibrils are articles in terms of REACH. However, they are **not** articles which are subject to regulations or registration according to article 7(1) or article 7(2).

We from Schwarzwälder Textil-Werke Heinrich Kautzmann GmbH will attend all our duties resulting from REACH. As a classic „downstream user“ we have already contacted the majority of our suppliers and asked them to pre-register their source and raw material as well as their operating materials in order to safe future supplies.

We guarantee our customers that all substances which are part of a product are:

- registered or pre-registered by our company and/or by our suppliers
- excluded from REACH and/or
- exempt from registration.

If you have any further questions, please do not hesitate to contact us.

Yours sincerely

Nico Kautzmann
